

waterZOOM

waterZOOM

This incredible hose accessory turns any garden hose into the perfect high-pressure cleaning tool. It is made of top-quality materials and will last for years. It is easy to use and adjust to any water flow. It is perfect for cleaning your car, terrace, patio, chairs and more. It is also perfect for cleaning your swimming pool, pavement or the facade of your house.

The set includes:
 - 1 Jet nozzle
 - 1 Fan nozzle
 - 1 Hose adapter

INSTRUCTIONS:
 Screw the waterZOOM onto a conventional garden hose. To check the water flow, turn the handle. To turn off the flow, move the handle to the OFF position. To change the water flow, simply remove one nozzle and screw on the other.

Il set include:
 - 1 Sonda a getto
 - 1 Sonda a ventaglio
 - 1 Adattatore per tubo

ISTRUZIONI:
 Avvitare il waterZOOM su un tubo per giardino convenzionale. Per controllare il flusso d'acqua, girare la maniglia. Per fermare il flusso d'acqua, spostare la maniglia nella posizione OFF. Per cambiare il tipo di getto, rimuovere un ugello e avvitare l'altro.

Il set include:
 - 1 Sonda a getto
 - 1 Sonda a ventaglio
 - 1 Adattatore per tubo
